Workflow Exploration Report

Online Shopping Simulation

Website: <https://www.ngpf.org/bank-sim/home>

Feature Area: Shopping Simulation

Goal: Select items and complete a purchase transaction.

Generated: April 09, 2026 at 05:08 AM

The AI successfully navigated the NGPF Bank Simulator to complete an online shopping transaction. After selecting items from the shopping menu, the system confirmed the purchase and verified that the new transactions were correctly reflected in the account activity history.

Step-by-Step Walkthrough

1. Accessing the Bank Simulator

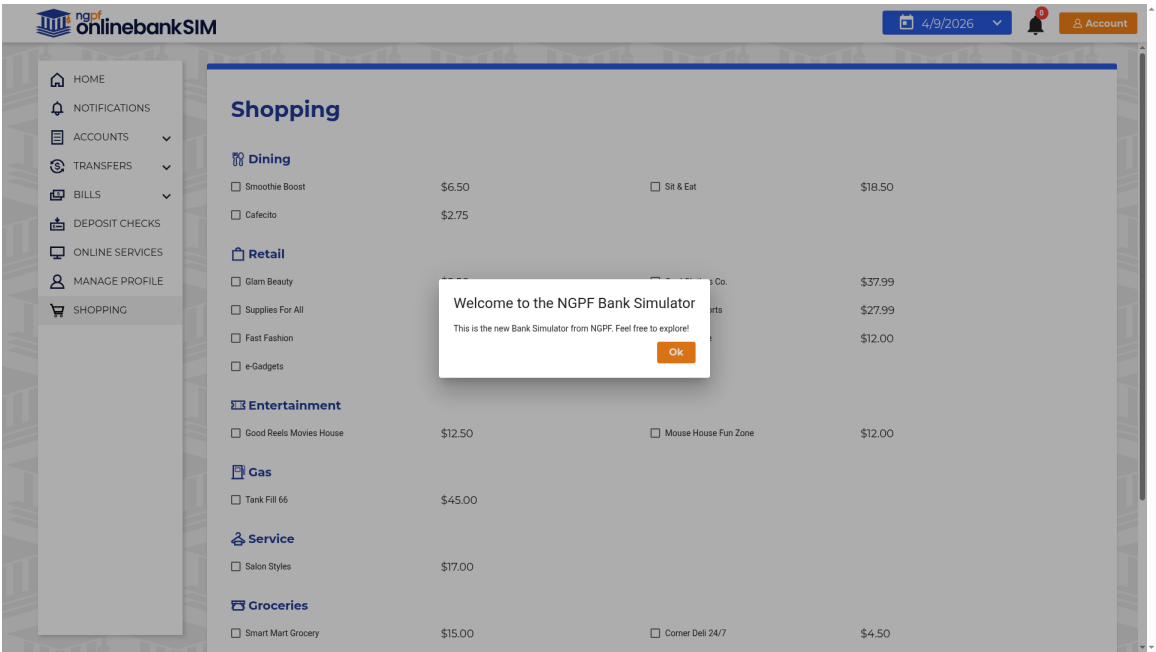

The AI initiates the workflow by accessing the NGPF Bank Simulator landing page.

about:blank

2. Selecting Shopping Items

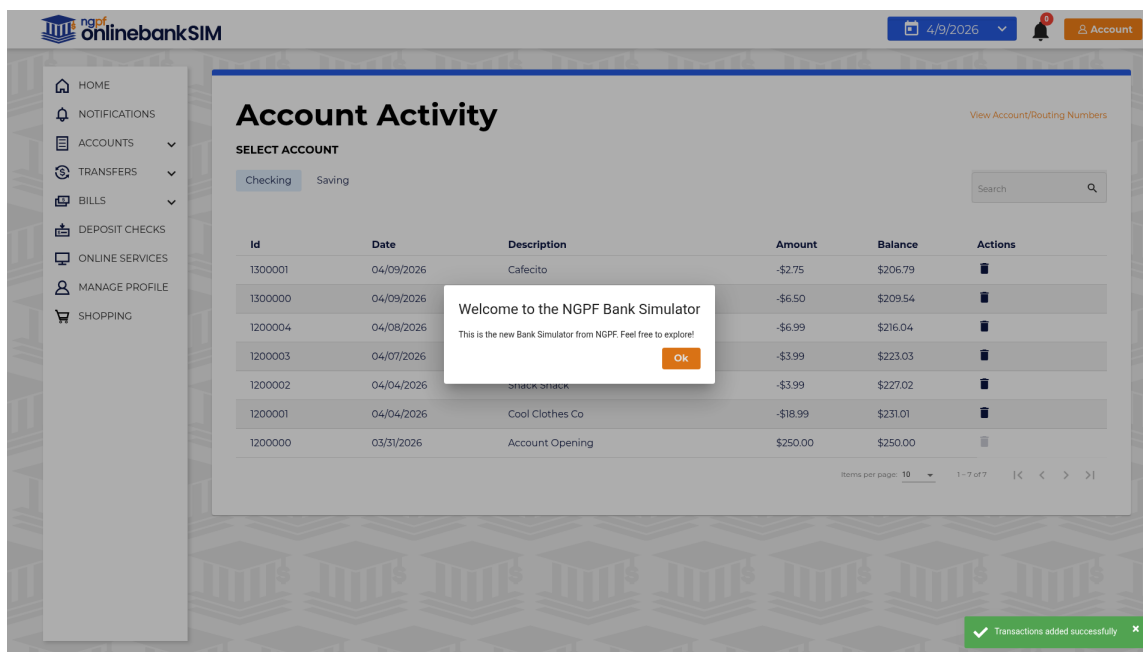

The AI navigates to the shopping section and selects specific items for purchase via checkboxes.

<https://www.ngpf.org/bank-sim/>

3. Verifying Transaction Completion

The AI confirms the transaction was successful, as indicated by the 'Transactions added successfully' message and the updated account activity list.
