

Step-by-Step Walkthrough

1. Accessing the Management Hub

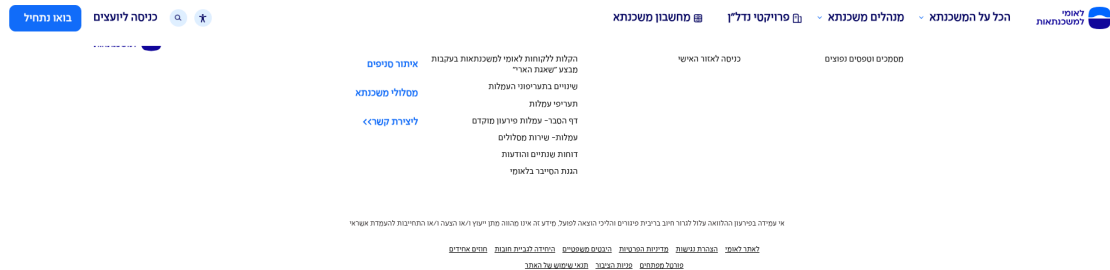

The AI navigates to the central Mortgage Management hub to access various account operation options.

<https://mortgage.leumi.co.il/managements>

2. Selecting the Mortgage Break Service

The AI identifies and clicks on the 'Mortgage Break' option to view the specific requirements for a payment freeze.

<https://mortgage.leumi.co.il/all-about-mortgage/category/about/mortgag-time-out>

3. Encountering a Blank Application Page

The AI attempts to open the digital application form, but the minisite fails to render any content, preventing the request from being submitted.

Mortgage Break (Grace Period) Request

Request a temporary freeze on mortgage payments. Success: Reach the digital request form or callback service.

The AI navigated the Leumi mortgage portal to initiate a 'Mortgage Break' (Grace Period) request. It successfully reached the service information page and attempted to launch the digital application, but the workflow was halted when the destination minisite failed to load content.

- Navigate to <https://mortgage.leumi.co.il/managements>
 - Click 'אתנכשמהמ נמו קספ' (Mortgage Time Out)
 - Click 'השקבה תשגהל' or 'ליחתנ ואוב'
- Verify redirection to <https://mortgage.leumi.co.il/minisite/mortgage> or callback form
- Note: Flow blocked at step 4 (minisite empty/callback service blocked).
