Workflow Exploration Report

Check Deposit Simulation

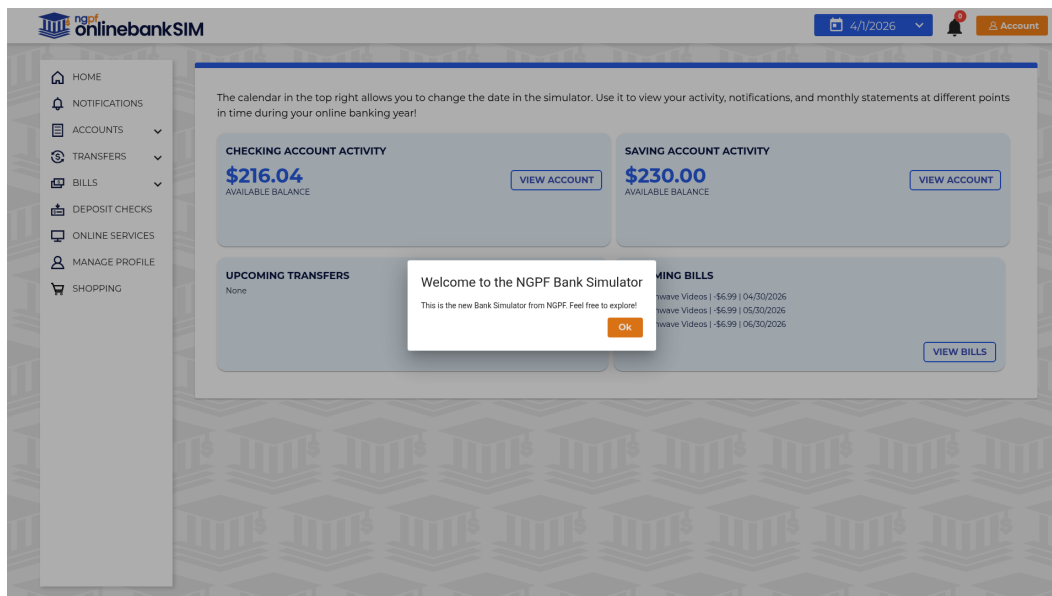

Website: <https://www.ngpf.org/bank-sim/home>

Feature Area: Check Deposit

Goal: Complete a check deposit by selecting an account, entering an amount, and submitting the check images.

Generated: April 01, 2026 at 04:51 AM

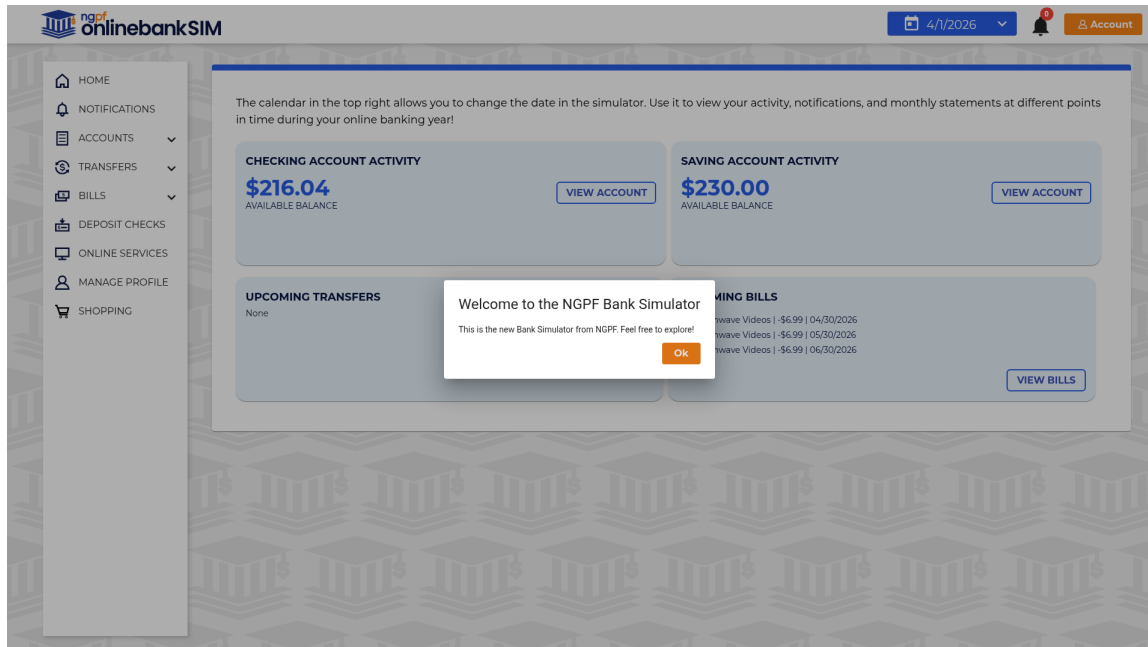

The AI successfully completed a check deposit simulation by navigating the banking interface, selecting an account, and submitting check images. The process concluded with the verification of the transaction in the account activity table and the appearance of the success notification.

Step-by-Step Walkthrough

1. Accessing the Bank Simulator

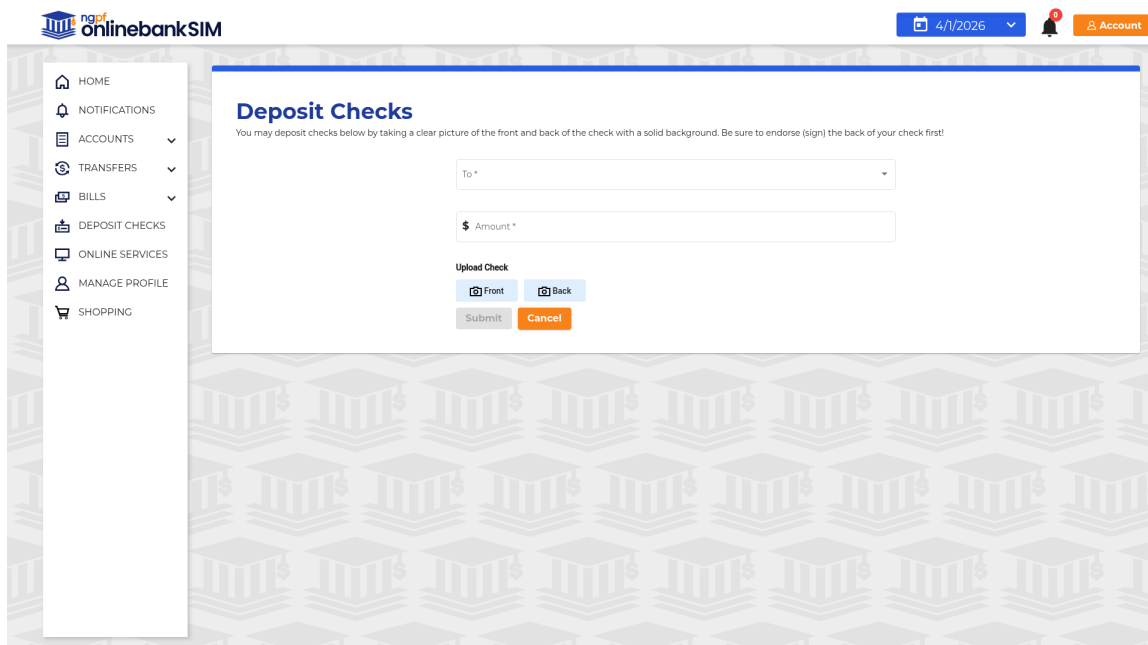

The AI navigates to the bank simulator dashboard and dismisses the welcome modal to begin the workflow.

2. Navigating to Deposit Checks

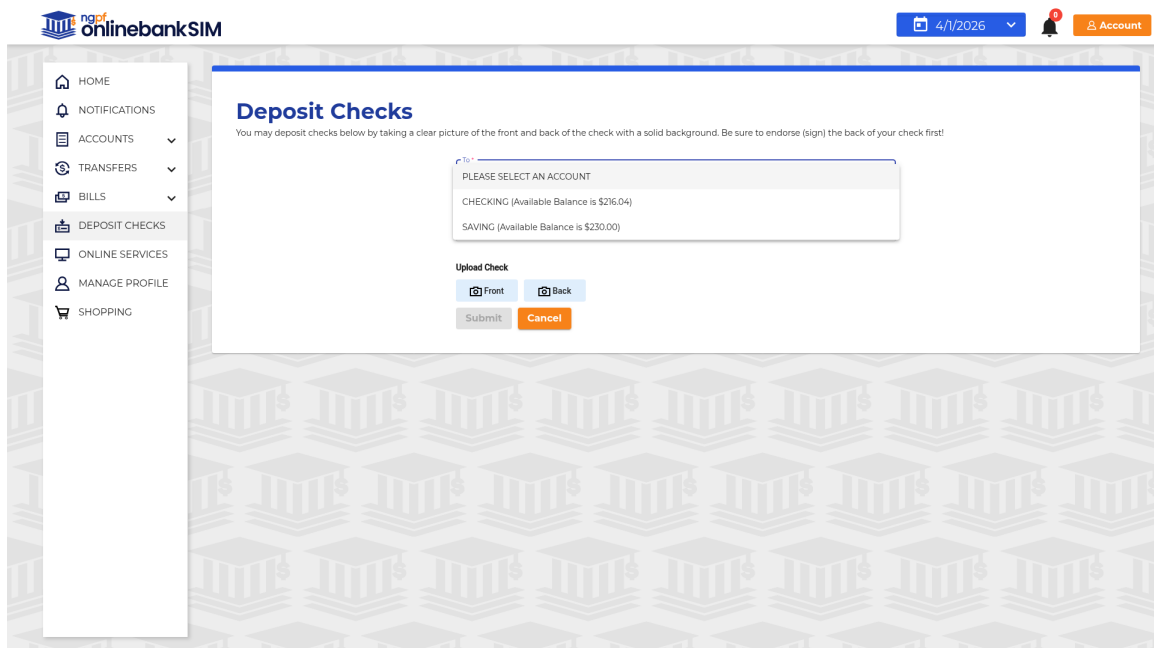

The AI selects the 'Deposit Checks' option from the sidebar menu to access the deposit form.

<https://www.ngpf.org/bank-sim/>

3. Selecting the Target Account

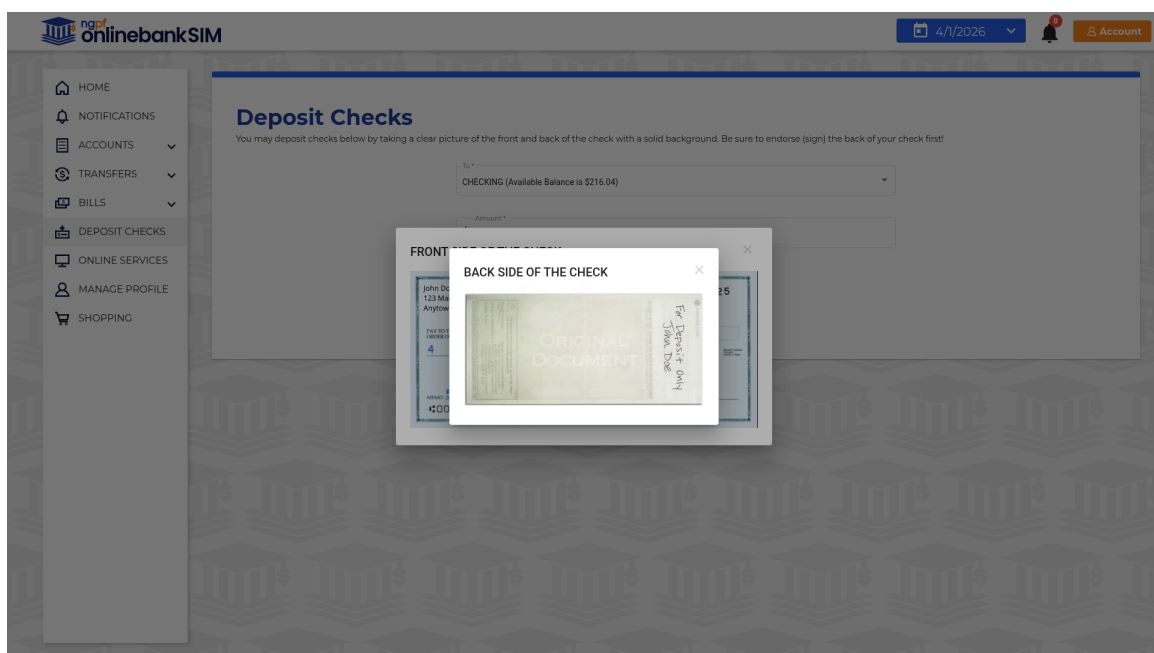

The AI opens the dropdown menu and selects the 'CHECKING' account for the deposit.

4. Simulating Check Image Upload

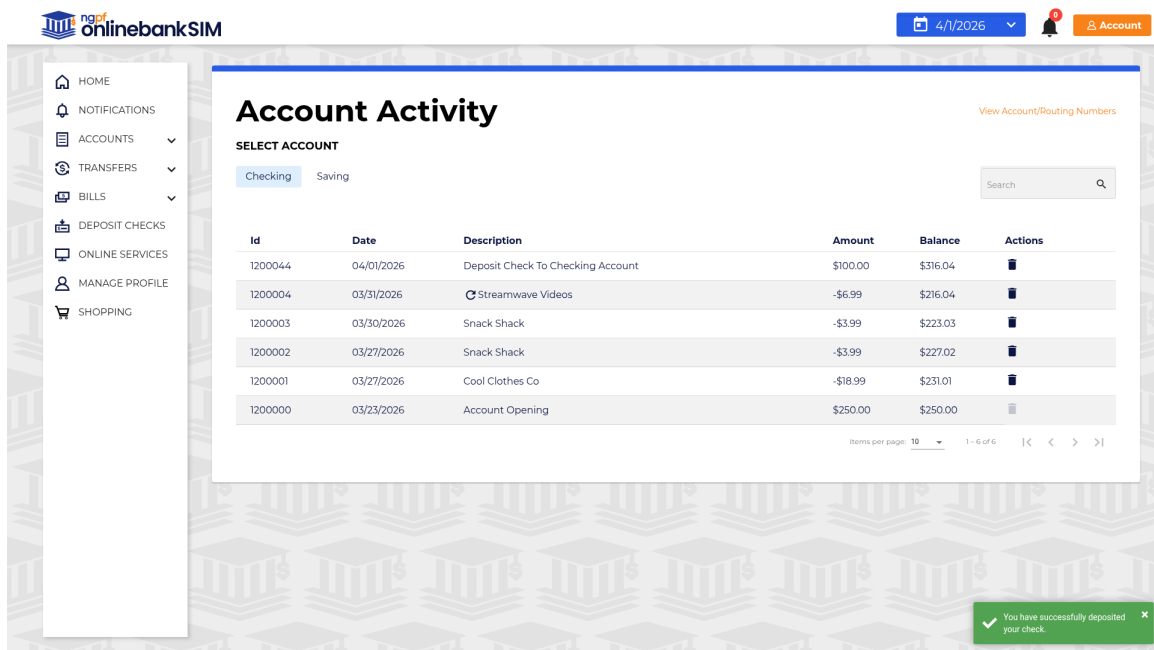

The AI interacts with the front and back buttons to simulate the upload of check images.

<https://www.ngpf.org/bank-sim/deposit-check>

5. Verifying Successful Deposit

The AI confirms the deposit is successful by verifying the transaction in the account activity table and the presence of the success notification.
