Workflow Exploration Report

Shopping Simulation and Transaction Recording

Website: <https://www.ngpf.org/bank-sim/home>

Feature Area: Shopping Simulation

Goal: Select items in the shopping simulation and save them to record transactions in the account activity.

Generated: April 01, 2026 at 04:51 AM

The AI successfully navigated the NGPF Bank Simulator to complete a shopping transaction. After selecting multiple items in the shopping module, the system confirmed the purchase and updated the account activity log accordingly.

Step-by-Step Walkthrough

1. Accessing the Bank Simulator

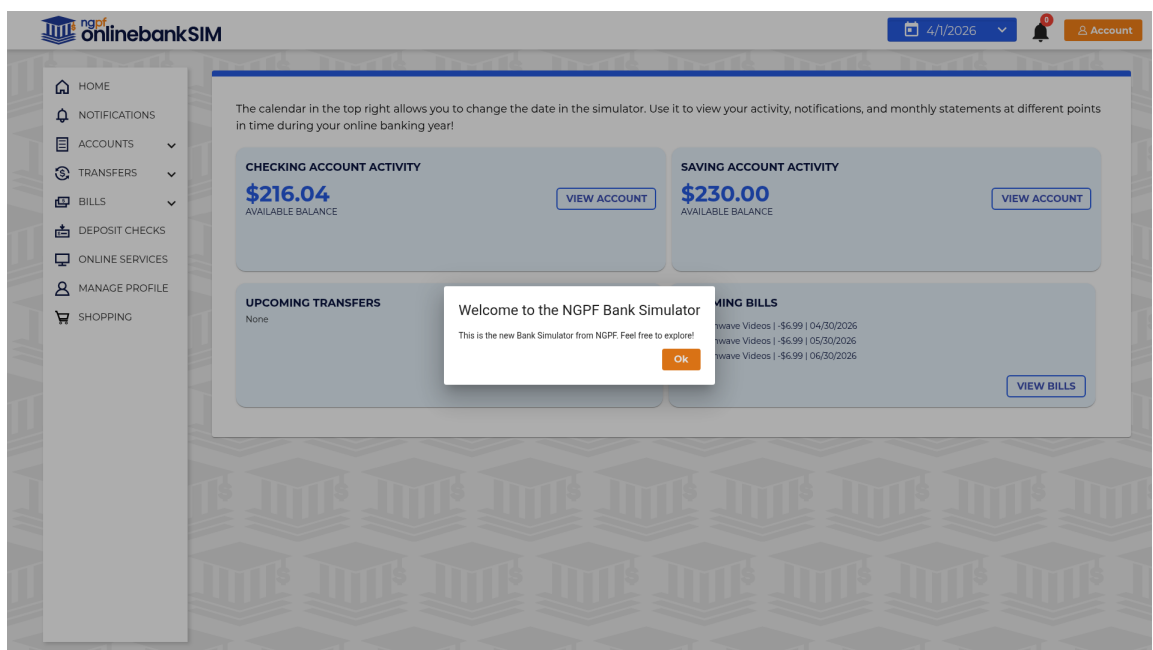

The AI initiates the workflow by navigating to the NGPF Bank Simulator landing page.

about:blank

2. Navigating to Shopping Module

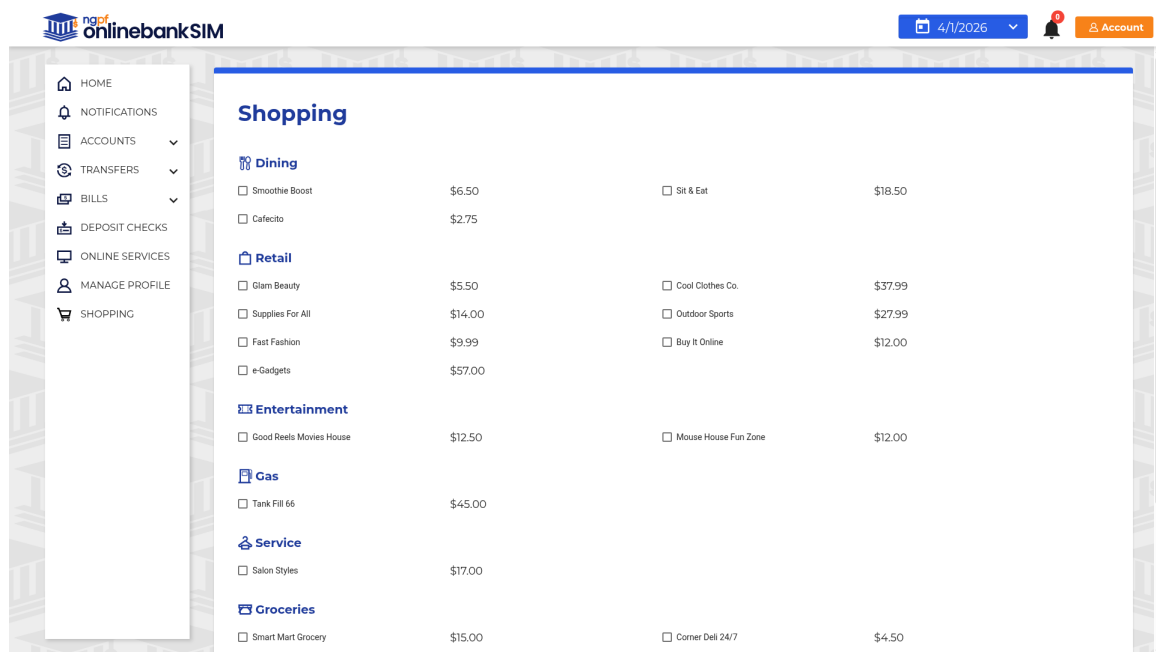

The AI dismisses the welcome modal and prepares to access the shopping features from the sidebar.
