Workflow Exploration Report

Search and Filter Real Estate Projects

Website: <https://mortgage.leumi.co.il>

Feature Area: Real Estate Projects

Goal: Search for real estate projects by location and contractor, and view project details. Success: Project details page loads and external link is available.

Generated: April 25, 2026 at 07:39 AM

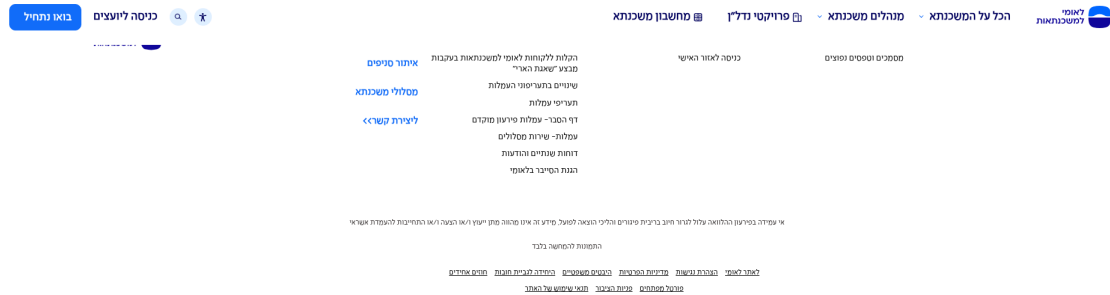

The AI navigated to the real estate projects section and applied filters for location and contractor. It then selected a specific project from the results to view its details and associated mortgage benefits.

Step-by-Step Walkthrough

1. Real Estate Projects Page

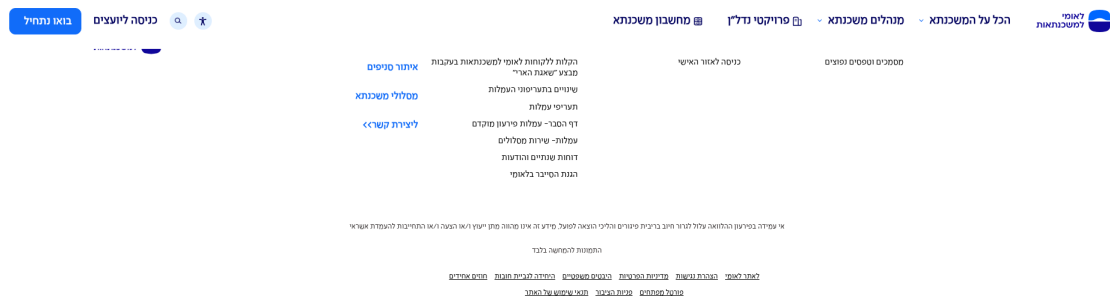

The AI navigates to the real estate projects search page to begin filtering by location and contractor.

<https://mortgage.leumi.co.il/Nadlan>

2. Project Details Page

After selecting a specific project from the filtered results, the AI loads the project details page to view Leumi benefits.
